

Weaber Is Green!

All Weaber Hardwood Products are Proudly Produced in Conformance with the Sustainable Forestry Initiative Program Standard.

SFI
CERTIFIED
PARTICIPANTSM

SFI Certified Participant[®], and  are service marks of the American Forest & Paper Association

— SFI PROGRAM CERTIFICATION

- SFI, Inc. has developed a comprehensive and internationally consistent third-party certification procedure for participants to document and communicate their compliance with the SFI Standard.
- To be certified, an applicant must undergo a thorough and rigorous review of its operations by an audit firm accredited by either ANAB (ANSI-ASQ National Accreditation Board) or the Standard Council of Canada. All auditors must meet precise educational and professional criteria established by SFI, Inc.

— A SUSTAINABLE FUTURE

- It's a simple premise. Make sound business decisions to provide the forest products our economy needs and protect the environment and the health of our forests for future generations.
- The SFI program integrates the perpetual growing and harvesting of trees with the protection of wildlife, plants, soils and air and water quality.
- Organizations that meet the rigorous standards for SFI certification have demonstrated a commitment to the principles of sustainability on the lands they manage and in the products they produce.

The SFI label will appear on all Weaber Hardwood products informing your customers of your continuing commitment to their satisfaction and environmental awareness issues.
